Real American Comfort on the Sea

A NEW standard of comfort in ocean travel has been created for American travelers—the same comfort they enjoy in the great American hotels.

On the new liners just launched from American shipyards, only first class accommodations are available. Each room is an outside room; each room has twin beds, running water, shower bath—all the conveniences of the well-appointed home.

Meals are exceptionally good; personal service is emphasized.

While proud of its 100% Americanism, the U. S. Mail Steamship Company asks the public's patronage strictly on the basis of service.

U. S. Mail ships go to the principal European ports. Information concerning rates and sailings sent on request to 45 Broadway, New York City.

A new hat for your old one

"THE straw in that sailor hat I had last year was just as good as new, but I couldn't seem to get the dust out of it. And it looked so gray that I had about decided I couldn't wear it, when I thought of 'Colorite'."

"It made my hat glossy black again, just as good-looking as when I first bought it. So I have a new hat again this year—at a cost of 25 cents."

"Colorite" is a liquid which comes in 16 fashionable shades with a brush for applying; dries in 30 minutes. Glossy, waterproof finish. 25c. everywhere.

You can also buy Colorite Fabric Dyes for home dyeing on Cotton, Wool or Silk Fabrics. Guaranteed to please you.
